MEMORANDUM FOR: Chairman, Subcommittees and Working Groups

FROM:   
Executive Secretary

SUBJECT: Note of Appreciation

1. The feedback received from Members following the SECOM 8 and 9 October 1980 Seminar highlights the value of the work you are doing and the accomplishments you and your members have achieved. Collectively, your reports were most impressive. I think they contributed to the Members' realization of the significance of your endeavors. While the Seminar was not a decision making session for Members and no specific taskings for you were issued, your observations were referenced frequently in subsequent discussions.

2. The staff was tasked by the Chairman, with unanimous endorsement of Members, to prepare for the DCI a comprehensive annual report of accomplishment and efforts by the Committee. Your input will be a significant contribution to that report. I ask that you use the material presented at the Seminar as the basis for your contribution to the annual report, supplementing it as you and Members agree. I would like your report by the end of November so that the staff can have a draft for Member consideration at the December meeting.

3. I add my personal expression of appreciation for your groups' work to that of the Chairman and Members.
